Purpose

In compliance with Local Law 196 of 2017, the 30 OSHA training program is intended to provide an initial and basic overview of key OSHA Construction Industry Standards. It is important to remember that the content of this course shall provide only the basics on Construction safety and is intended for both the worker and novice safety professional. The content of the training is flexible, permitting Skybridge to individually tailor training programs to suit any organizations industry-related, site-specific safety-needs. The benefits of the outreach training are immediate for both employee and employer and include increased workplace safety awareness and compliance.

- Explain the criteria for the three protection systems used when working in and around excavations.
- Identify 5 main hazards during steel erection
- Name two protection controls required for exposure to silica, lead and asbestos in construction sites
- Globally Harmonized System Identify changes in the risk communication standard based on the implementation of the Globally Harmonized System
- Explain the confined spaces that require permission.

Learning Objectives:

Recognize the rights of workers and the responsibilities of the employer under OSHA standards.

- Identify the main hazards during the use of steps and stairs in construction sites.
- Define the methods to control the four main health risks that construction workers are exposed to
- Identify the procedures for selecting appropriate personal protective equipment (PPE) and life-saving equipment.
- Explain the risks associated with the unsafe use of scaffolding in construction sites

Identify safety procedures that protect workers from crane rigging risks in construction sites

Cancellation policy

Cancellation or rescheduling requests will be accepted with no penalty up to 3 business days prior to the start of event. Cancellation requests that occur with less than 3 days' notice will be subject to forfeiture of deposit. Failure to attend without prior notification will result in automatic forfeiture of course deposit.

Skybridge reserves the right to reschedule or cancel any course date(s) for any reason, including insufficient enrolment. In such instances, deposits will be returned or applied towards next available training program.

What should I bring to class?
